Kabinart™

CABINETRY CUSTOM WHERE IT COUNTS

Welcome to Kabinart.

Our company was founded in 1963, based on the core beliefs of building strong personal relationships and creating exceptional quality and value in every product we make.

We've consciously chosen to forgo national home center business and high profile marketing, in favor of investing in the best possible product value, backed by local, independently owned businesses you can count on to guide you through a successful new kitchen project.

Today, supported by more than 130 highly skilled men and women, we've grown to a 170,000 square foot facility in Nashville Tennessee.

We invite you to discover the exceptional value of Kabinart ... superior construction, a wide range of specialty finishes, and the personal attention of your local kitchen specialist.

Thank you for your interest in our company.

SPECTRUM

Your dreams... realized

Families have personality.

Personalize your door family with six wood species selections; enhanced by paints, stains or glazes.

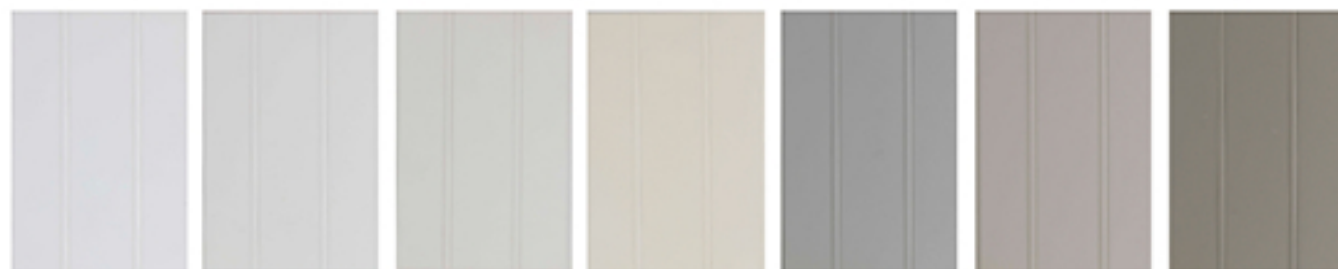

Color and texture availability add finishing touches, creating a home for your soul.
